

Walk-Behind Turf Aerators

PlanetAir 21 | PlanetAir 29 | PlanetAir 37

Introducing three innovative, low-cost walk-behind turf aerators in 21 inch, 29 inch and 37 inch widths. By swapping tines, these aerators can create deep vertical cuts or pull cores and process them right inside the machine.

- Patented planetary gear drive system creates a small incision while stirring soil beneath the cut, leaving little disruption to the surface (right).
- Lightweight, corrosion-resistant aluminum housing.
- Small and light enough to easily transport – Have on hand for immediate customer sales.
- Self-propelled with three speed low-maintenance transmission.
- Low-cost, high performance machine with quick return on investment.
